May/June 2021

The next 2 slides were submitted by Maggie McKenzie II, the founder and first president of the Connecticut CFIDS Association. The comics come from the support group newsletter from the early 90's. To quote Maggie, "I'm most proud of our legislative effort, getting in the first session in '92-'93, a bill passed, demanding the CT Health Department start educating doctors and schools about CFIDS...it was an exciting time with lots of good but very sick people working very hard."

The CFIDS Olympics

- The 50 foot crawl (land, not water)
- The pole's fault
- The warm-bath-lon
- The short fall
- Synchronized swooning
- The just-plain downhill
- The parallel blahs
- The discus drop
- The totally shot-put
- The cookie toss
- Ten-meter nose dive
